Re: School of International Service Project at American University

Dear Mr. Deister:

Please accept this letter of recommendation in support of PCC Construction Components submission to the ABC National Annual Excellence in Construction Awards program.

The exemplary work your company performed on the School of International Service project enhanced the outcome by:

1. Helping us develop a painted aluminum finish to accomplish the design intent
2. Keeping us apprised of critical decision dates
3. Helping us solve technical problems in a timely manner
4. Providing expert installation
5. Following through with punch list and corrective measures

Thank you again for all your efforts on this project and helping American University complete this important and innovative building to everyone's satisfaction.

Best Regards,
American University
